

## VOM: More Bibles Needed

Have you heard that smuggling Bibles into China is now unnecessary because Amity Printing can legally print Bibles? The Voice of the Martyrs is grateful that since 1987 Amity Printing has distributed 40 million Bibles in China and exported 9 million. Unfortunately, with 1.3 billion people living in China today more Bibles are desperately needed.

To better understand China's need for Bibles VOM encourages you use China's Bible printing allowance to calculate how many people in your town and city would have access to a Bible every year. VOM has been ministering and providing God's word in China for more than 30 years.

[Click here](#) to use the calculator to find out how many Bible's your town would receive.
