

### VOM: CFC #10993: Partnering Through CFC

The Voice of the Martyrs invites people to support persecuted believers through the Combined Federal Campaign (CFC).

The CFC is one of the largest workplace giving campaigns in the world allowing any who works for the Federal government — including civilian, postal and military employees — to contribute to charities via payroll deductions. VOM is one of many charities eligible for this workplace giving program.

"VOM is thankful for CFC as it promotes and supports charitable giving" Brenda Matlock a VOM CFC administrator said. "Employers encourage their employees to give because it improves the quality of life for all."

Giving to VOM through CFC is easy. Just insert VOM's CFC code **#10993** on your pledge card. The pledge form authorizes one-time or monthly gifts.

VOM uses the donations from the CFC program to purchase Bibles, blankets, Action Packs and, most of all, to encourage persecuted individuals and their families. If you want to find Voice of the Martyrs in your campaign booklet, look in the "National/International Federations" section under "Christian Service Charities."

To get additional information about VOM's involvement with the CFC go to <http://www.persecution.com/campaign>.
